FROM PASTOR CALEB...

When you think of February, what do you think of? Is it love? Is it valentines day? I think for most of us that is the case. It's hard for us not to think of it with the commercial exploitation of the holiday. The holiday that was named after the man, St. Valentine—a man who was said to have released imprisoned inmates and ministered to the faithful amidst persecution of the Christians during the Roman Empire. But for some reason, the day he died we celebrate with romantic love—the type the Greek called eros.

But despite where the holiday came from and how we celebrate it, we can look at it as a reminder. It is a reminder of the love God has blessed us with. In fact, when he saw it wasn't good for man to be alone he created woman, and with that marriage became the first institution God ordained. He tells us that the two come together and become one. As much as we joke about the opposite gender, I think we can all agree that we can't live without them and we don't know where we would be without them. And for that gift of love and matrimony between a man and a woman we can give God all the glory.

Happy February and Happy Valentine's Day!

All for His Glory,
Pastor Caleb Durham
